EURObanner

Part of perfect presentation

EURObanner lets you create a stunning presentation in no time. It takes up little space and makes a great impact ensuring your message leaves a lasting impression. EURObanner not only allows you to present your messages on one or both sides but also to utilise various types of materials for the graphics. With three standard widths to select from EURObanner is a simple and effective choice for all your needs.

EURObanner mini takes advantage of its small size helping you transform a little space to make a big impression.
