EURObanner light has an original design which ensures that the supporting structure is never visible during presentation and the graphics are free to have maximum effect.

EURObanner light allows a stunning display to be set up in a very short time. EURObanner light creates a great presentation by itself or, thanks to the three different widths and two heights, it can be easily combined with other EUROstand products to make a spectacular display.

Supporting a variety of materials, the magnetic strips used on the edge of graphic panel enable graphic to graphic connection creating a seamless image. EURObanner light comes in a small, easy to carry transport bag.
