# BANNER

– Remove the structure from the packaging.

– Connect the feet of the banner with the horizontal bar(s) onto which the bottom of the graphics are attached.

– Connect the fibre glass poles into the feet first following the picture and finally connect them onto the heads.

– Stretch out the graphics by attaching the horizontal bar(s) to the heads of the banner.

**Graphic panels can be cleaned using water and detergent; laminated panels can also be cleaned with an alcohol-based cleaner.**

**Always roll up the graphic panels with the print on the outside!**
